December 2010

Camber Opens New Facilities with Dedication Ceremony

Camber Pharmaceuticals Inc., the Piscataway NJ based generic pharmaceutical company, and their sister company Hetero USA, celebrated moving into their new 60,000 square foot office and distribution facilities in December. Marking the auspicious nature of this occasion was the attendance of Dr. B.P.S. Reddy, founder and CMD of Hetero Drugs Limited, the parent company for Camber Pharmaceuticals and Hetero USA. A dedication ceremony led by Dr. Partha Reddy and attended by the full staff of Camber and Hetero USA, along with many special invited guests marked the official opening of the offices and facilities.

Located at 1031 Centennial Avenue in Piscataway NJ, the new Camber offices and distribution facility began office operations in December and will begin distribution operations the first quarter of 2011. Camber President Briggs Arrington noted, "This occasion and these facilities are a testament to the faith and confidence our customer base has shown in Camber and its supply chain. We would be remiss if we did not take this opportunity to thank our customers for their business and their trust."

Camber Pharmaceuticals has been recognized as one of the fastest growing generic pharmaceutical companies in the US the past two years. Kon Ostaficiuk, VP of Sales and Marketing, says the current expansion is absolutely vital to future growth. "We have a very robust pipeline and will continue to introduce and launch significant new products to our current portfolio in 2011 and into the future. Our new facility will allow us to add the staff and resources necessary to maximize efficiencies and improve logistics to make Camber more competitive than ever before." Mr. Ostaficiuk stated, "We are committed to providing the highest level of quality and service available and our new facility goes a long way in helping us achieve this goal."

Camber Pharmaceuticals is a fully integrated international pharmaceutical company that maintains quality and integrity in all its products from API manufacturing to finished dosage. Camber's parent company Hetero Drugs of Hyderabad, India employs over 300 scientists at 9 API facilities and has a global presence in over 100 countries.
