Section 10: Stability and Reactivity

Chemical stability

Stable under recommended storage conditions

Section 11: Toxicological Information

Acute Toxicity

Product Information No acute toxicity information is available for this product

Component Information

Toxicologically Synergistic

Products

No information available

Mutagenic Effects No information available

Reproductive Effects No information available.

Developmental Effects No information available.

Teratogenicity No information available.

STOT - single exposure None known

STOT - repeated exposure None known

Aspiration hazard No information available

Other Adverse Effects The toxicological properties have not been fully investigated.

Section 12: Ecological Information

Ecotoxicity

Do not empty into drains.

Persistence and Degradability No information available

Bioaccumulation/ Accumulation No information available.

Mobility No information available.

Section 13: Disposal Considerations

Waste Disposal methods

Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. chemical waste generators must also consult local, regional and national hazardous waste regulations to ensure complete and accurate classification.
