Patient Instructions:

1. Hold sachet with cut line on top.
2. Shake sachet gently to settle contents.
3. Tear sachet open along cut line, or use scissors to cut across line.
4. Carefully pour entire contents of sachet on soft food such as yogurt or apple sauce.
5. Make sure that no oral granules remain in the sachet.
6. The dose should be immediately and completely consumed, and not stored for future use.

Dosage: See Prescribing Information

Store at 20°C to 25°C (68°F to 77°F); excursions are permitted between 15°C to 30°C (59°F to 86°F) [see USP Controlled Room Temperature].

Protect from moisture. Keep this and all drugs out of the reach of children.

This package is child-resistant.
