## 103 x 55 mm for Batch coding Un varnish area

2101851

## **PATIENT INSTRUCTIONS:**

Pantoprazole sodium granules should not be crushed or chewed and should be taken approximately 30 minutes before a meal.

Apple sauce Administration: Open packet and sprinkle intact granules on one teaspoonful of apple sauce. Swallow within 10 minutes of preparation.

Apple Juice Administration: Open packet and empty intact granules into a small cup containing 5 mL of apple juice (approximately one teaspoonful). Stir for 5 seconds and swallow immediately. Rinse the container once or twice with apple juice to remove any remaining granules and swallow immediately.

Nasogastric Tube Administration: See package insert for dosing instructions.

See package insert for complete directions and use.

Keep this and all medications out of the reach of children.
